

# Digital Entrepreneurship 2 Raise Up

~ YOUTH EXCHANGE ~

BALATONBOGLÁR, HUNGARY  
11ST - 21ST SEPTEMBER

# Context

These past years of pandemic have shown us how vulnerable the economic system is. Many families' livelihood were saved only because they had an online business, or they worked at a place where the shift to working online was easy. Therefore, it is crucial that we learn the tools and the process of creating and maintaining an online business or online appearance. It is a valuable skill as an entrepreneur, freelancer or employee too.

## Objectives

- Raise awareness about the importance of entrepreneurship in the 21st century
- Gain practical skills about the steps of starting an online enterprise
- Learn how to work together with others on a common goal
- Learn where to look for information, and learn how to process it/put into practice
- Learn to use the available online tools, to create something tangible

## Participating countries

## What is Erasmus+?

The Erasmus+ is the EU's programme to support education, training, youth and sport in Europe. Its budget of €14.7 billion will provide opportunities for over 4 million Europeans to study, train, and gain experience abroad. This activity is a youth exchange. Youth exchanges allow groups of young people from different countries to meet, live together and work on shared projects for short periods.

Youth exchanges take place outside the school environment. On a youth exchange, you can expect to participate in activities such as workshops, exercises, debates, role-plays, outdoor activities and more.

Participants' learning experiences are recognised through a Youthpass.
