# About Turkey and Antalya

Turkey, country that occupies a unique geographic position, lying partly in Asia and partly in Europe. Throughout its history it has acted as both a barrier and a bridge between the two continents. Turkey is larger than some European travel countries such as Italy, France, Germany also the UK. Turkey offers a wealth of destination varieties to travellers: from dome-and-minaret filled skyline of Istanbul to Roman ruins along the western and southern coasts, from heavily indented coastline against a mountainous backdrop of Lycia and wide and sunny beaches of Pamphylia to cold and snowy mountains of the East, from crazy "foam parties" of Bodrum to Middle Eastern-flavoured cities of Southeastern Anatolia, from verdant misty mountains of Eastern Black Sea to wide steppe landscapes of Central Anatolia, there is something for everyone's taste.

The westerly region of Turkey's Mediterranean coastline is especially popular and sandy beaches around Antalya and the Konyaalti Bay are in abundance. With a particularly diverse landscape, it is actually quite feasible to enjoy a morning swim, and then head to the Taurus Mountains for a spot of skiing in the afternoon at the neighbouring resort of Davras.

Antalya's historical Old Town area known as the Kaleici offers beautiful harbour views and is surrounded by medieval fortified walls, which date back before both the Roman and Byzantine periods and have been restored many times. Currently the fastest growing city in Turkey, Antalya enjoys an idyllic climate for a good deal of the year and much tourism. In the city centre, Taksim Square leads to the elegant street of Cumhuriyet Caddesi, where the tourist information office is located, along with plenty of hotels and shops, while the Republic Squares gardens are close by.

**Interesting fact about Antalya:**  
**Around 300 days of the year**  
**are sunny, the sea temperature**  
**never goes below 15°C and in**  
**summer is around 28°C.** 😊

**Currency:** TL (Turkish Lira), 1 EUR ~ 8.50 TL.
