THE ORGANIZATION

Il circo pace e bene is an Organization for Social Advancement. It has been founded on summer 2015 and its members are young boys and girls, very professional in their job fields who, having common objectives, purposes and aims, have created Il circo pace e bene deciding to share knowledge and capacities for their community.

Since the beginning, the Organization has created projects to promote, through the activism of young people, the values of equality and solidarity by the way of social, artistic and cultural activities to support disadvantaged people; social inclusion process for people with less opportunities; promotion of the territory, which has deep social and economic problems, thanks to social community involvement and to youngsters'ideas also coming from their wishes and practical needs.

Since 10th of march 2019 we have opened a cultural center called

MAGAZZINO CULTURALE "EX OLEIFICIO"

by the renovation of an old oleificio (factory to make olive oil) very important cultural and social spot in our small town, Milena, in the heart of Sicily.

WHAT WE DO

Il circo pace e bene is deeply working in the territory and for the local community. We run social, art, cultural and turistic projects collaborating especially with municipalities. We coordinate the Organizations Working Group in two towns and also the local Council of Entities for one municipality.

The organization is going to coordinate a very important project called RabArt, in the small town of Sutera, funded by the Italian Minister of Culture. Il circo pace e bene collaborates and supports several organizations and startups as C&C, very innovative project about experience tourism with its G.a.s. lab. (Sicilian Ancient Grains museum).

The volunteer will work around 6 hours/day for 5 days/week. The volunteer will have 2 consecutive free days each week and 2 free days each month. Is it possible to manage the free days in order to get all together and have more vacation. Depending the period, volunteer can have more free days following the Italian holidays calendar.

The organization could also provide a Language course in addition to the OLS, depending also from the level and the necessities of the volunteers. The volunteer has the right to participate in the on-arrival training upon arrival in Italy. The volunteer has the right to adequate support and guidance to enable her/him to carry out the agreed tasks. The volunteer has the right to participate in the mid-term meeting in Italy if the service is longer than 6 months. The volunteer has the right to receive ongoing support from the supporting organisation throughout the voluntary service period. The volunteer has the right to receive the YouthPass, official certificate of the project that document the learning process.

THE VOLUNTEER RECEIVES...

In order to set a good relationship between volunteers in the house and have normal cohabitation conditions, the organization set some rules all volunteers have to respect. No exception will be considered. We expect sense of responsibility and duties. Volunteers will be in charge of the maintaining of their floor, in specific: clean the common areas (kitchen, hallways, bathrooms) at least 2 times per week; clean dishes, pots and all that will be used in the kitchen, as soon as the breakfast/lunch/dinner is finished; keep the room tidy and clean; as the whole building is not owned by organization, do not do any change or modification in all rooms and especially in bedrooms; do not stick anything or hammer nails or tacks on the walls or do kind of similar things, do not take tools, objects or furniture out of the building and neither take into the accommodation something from outside; do not change room on own decision; do not accommodate friends and relatives in the structure

RULES - DUTIES - RESPONSIBILITIES

For logistics reasons, volunteers will be roomed in consideration of the availability of the rooms, always in double bedrooms at least (if needed even more), divided by gender. Volunteers could be also asked to change room: the structure can be host other participants from other projects. Volunteers should consider themselves not the owners of the room but the caretakers. However, we will always respect privacy. The cleaning schedule will be introduced and explained as soon as you arrive and will be made all together. Housekeeping will be scheduled in the weekly working hours of the volunteer, as part of weekly activities.

RULES - DUTIES - RESPONSIBILITIES

All things broken for negligence, on purpose or because of dangerous behaviours, must be refunded. We are open to understand all kind of explanation and justifications, if for any reason the "guilty" would not be found all the group refund the objet broken. We will detract the amount from the deposit. It is not allowed to smoke inside the accommodation. The smokers can do it outside and balconies or terrace can be used, but only if volunteers take care not to let the smoke go inside the accommodation. There is no possibility to host guests overnight. Although we are very friendly and hospitable people here in Sicily and we understand what it means stay some period of time far from family and friends, we cannot allow the hosting overnight of other people apart the volunteers.

PERSONAL HYGIENE

Although we know that there will most probably be no need for it, we feel we must stress the importance of proper personal hygiene in the volunteers' flat and, in general, during all activities. We demand you to:

- take at least one shower a day;
- take care of your personal hygiene in general;
- use deodorants;
- wash your hair frequently;
- wash your clothes frequently;
- clean your rooms frequently;
- air your room in the morning;
- throw out your rubbish frequently.

Although you are an individual, you are being hosted and acting in the community on behalf of the organization and representing your country in a foreign community. For these reasons, it is of utmost importance to stick to these simple guidelines. Although it may seem insensitive, we will reiterate these requirements during the welcome training and repeat them if needed.

DRESS CODE AND ALCOHOL

Il circo pace e bene does not restrict the volunteers' freedom of expression in any way in their personal lives during their voluntary service. However, during activities, especially those with minors, children or disabled people, sober and appropriate clothing is required. Remember that you are being hosted and acting in the community on behalf of the organization and representing your country in a foreign community. Il circo pace e bene calls for moderation in alcohol consumption. It is forbidden to carry out any activity under the influence of alcohol and other psychotropic substances, even the day after consumption (alcoholic breath, hangover, etc.)

RULES-DUTIES-RESPONSIBILITIES

The volunteer is asked to fill a monthly report, after the periodical meetings with the staff. Reports will be about activities, learning process (YouthPass), relationship with staff and other volunteers, accommodation, any other issue considered important by the volunteer. The volunteer will enjoy days off and holidays, but before leaving the accommodation he/she is obliged to inform staff about the moving, in order to be ready to support, if necessary. The volunteer must read and understand the activity agreement in all its parts and sign it. As well, it is required the same for this Infopack.

GET TO OTHER CITIES...

Since Milena is a very small town, there is no public transport service inside the city and it is not even connected with the main cities of the area and the island: Palermo, Catania, Caltanissetta and Agrigento. The bus company SAIS Trasporti connects Milena to Caltanissetta only once per day from Monday to Saturday. It leaves at 6.35 in the morning, the journey takes 1 hour and 30 minutes and costs €4,60. The same bus leaves from Caltanissetta to Milena at 14.15 and arrives at 15.45 (if you buy the ticket to go and come back it costs €7,50). 10 km far from Milena there is Campofranco train station. Please note that, during days off and holidays and for any personal reasons, volunteers have to organize their own trips to Campofranco Station to get a train. Only for activities related tasks, exceptional cases or urgent matters, the staff can drive the volunteer to the station by car.

ACCOMMODATION

Volunteers will be housed in an apartment near the modern city center of Milena and close to the main working place Magazzino Culturale "Ex oleificio". The apartment will be provided by all needed to accommodate the volunteers.

Volunteers will be the only ones who live in the apartment. From time to time, the organization may host some guests, for institutional or working reasons. In such cases, volunteers will be informed well in advance.
