About the organizers:

Our association, ASALT, is an youth NGO that has as purposes the development of youth, helping out those who lack opportunities, the integration into society of discriminated young people and encouraging youth initiative. Our organisation has a number of 35 members that come from both urban and rural environments, aged between 18 and 30. It is our wish that through this project, the youth will develop their abilities, attitudes and knowledge base, all of these leading to the expansion of their skill set. Our members had the chance of participating to international projects within Erasmus Plus in most European countries, having accumulated the necessary experience to engage in non-formal activities with the young people. We are working with the youth for cultural, social and economic development. We sustain equal opportunities in our present society.

Through this project we aim the following objectives:

- 1. Develop their knowledge about inclusion and inclusive nonformal education methods, that they can apply in their typical work, both to develop themselves and the competencies of their young beneficiaries;*
- 2. Develop their training skills and expertise in working with youth workers in inclusive settings, using NFE and experiential methods;*
- 3. Develop the awareness of youth workers that integrating inclusive education methods and activities can create social change and benefit greatly the youth participants and their communities.*

The participants will be hosted in rooms for 2-3 people or apartments suits for 3 people. There is good signal for mobile in the establishment. There is signal for mobile and wi-fi internet connection throughout the entire establishment.

In Romania the power plugs and sockets are of type F. The standard voltage is 230V and the standard frequency is 50Hz

Important:

We will be in the Est of Romanian area, so the food will be adapted to our cultural area. For vegetarians/vegans might be hard to adapt because here most meals contain meat and cheese products. We will surely have vegetarian/vegan option, but please come with an open mind because you may need to eat potatoes, bread and polenta (<http://en.wikipedia.org/wiki/Polenta>).

We will have many typical Romanian meals with meat because all the products served are from farms and households in the area. Also, it will be permitted to consume alcoholic drinks in your free time (with moderation) and bring some alcoholic drinks from your countries for the national evenings.

What to prepare or bring with you?

1. All your travel documents as presented above (e-ticket, invoice, prove of payment, boarding passes). It is recommended that the participants will make a health insurance for the period of the project, although the cost for insurance can't be reimbursed. Romania is an EU member state, so the cost of health insurance is quite low.

2. Typical food and drinks from your countries! We will have traditional evenings during the project and basically every evening will belong to a

different country. Unfortunately we don't have budget to reimburse you the expenses made for the things that you are bringing, but try to be creative and funny! You can bring typical costumes, ornaments, leaflets, posters, flyers, food, sweets, alcoholic and non-alcoholic drinks... and so on!. Also, you can show videos, photos, sing and dance traditional dances from your countries! We are counting on you to make these evenings as interesting as possible and promise to help you in any way that we can!!!

3. Clothes: The weather in October is moderate, sometimes are over 25C, but we recommend to have parkas – during the night there are around 5C.

Because the location is next to the Black Sea please bring swimsuit and towels

<https://bit.ly/3eo95Qa>

4. Information about your organization and activities. We want to get to know each other, to find out how people work with youth in other countries, and maybe to cooperate in the future.

5. Good spirit, joy and happiness!!!
