Join the social and ecological transition !

“Social change comes through people.”

Paul Watson, environmental activist

INFOPACK

15th to 22nd JUNE 2022

GITES DE FRANCK 81087 FAYSSAC - OCCITANIE, FRANCE

SUMMARY OF THE PROJECT

In the face of **climate change** and of a **major ecological crisis**, numerous academic studies are calling for **drastic change** in the way we live, produce and consume if we want our societies to be sustainable. The idea that an **ecological transition** is needed in the short term is shared by a growing number of people and receives increasing media coverage.

Simultaneously, there is a **crisis of inequality**, at any scale we look at. How can we take into account social inequalities in our plans so that our efforts to change will lead to both a more sustainable and fairer society?

Putting ideas into practice isn't easy ! In the face of such serious and huge issues, along with institutional inertia, we are many to lose faith or to identify **realistic solutions** to meet the challenge.

The RESILIENS training course aims at providing you knowledge and tools to better understand the **issues at stake**, **point out the difficulties we face** to take action and **envision ways to make a move** towards a fairer and more sustainable society.

The course has been designed in order to provide you **new perspectives** on the **social ecological transition**. By the end of the week, we hope you will have made a step forward in your perception of the topics we addressed and gain **knowledge** and **inspiration** to define **ways to act** accordingly with your beliefs and values.

In practice, the training course will be held in a rural cottage in South-west France and will gather **30 participants**, coming from France, Spain, Greece, Hungary, Germany and Estonia.

Switching between theory and practice and using a diverse range of methods, we will invite you to put your own life-path, beliefs and behaviors into perspective, **compare** and **contrast** your points of view, go through a **critical analysis** of different concepts, **field-test** some ideas introduced during the course, **learn from the experience** of others and **investigate practical ways** to work towards more inclusive and sustainable societies.

Participants have to be adults (**at least 18 years old**). A **good level in English** will be required (level **B2**, meaning being able to express yourselves and to debate in English).

All along the course, we will invite you to **share** your points of view, experience and knowledge, to **take a critical look** at your own beliefs and behaviors, to **analyze** complex issues and to **explore** ways to take action to tend towards a more inclusive and sustainable society.

No technical or academic background is required to participate. Motivation is the key !

Be aware that if you join us, we expect from you that you actively participate in the working sessions but also that you **share the knowledge you will acquire** with the people around you, the group(s) you belong to and the organizations you are part of after your return.

WHAT YOU WILL BE ASKED FOR?

As a participant, you **commit yourself to actively participate in the whole process**, including:

- o **to read all the information carefully** (especially this infopack and all the emails we will send you before your coming) and **communicate timely** with the organizers;

- o **to reflect on your learning objectives** regarding the training course;

- o **to take actively part** in the full duration of the activities (it means **coming later or leaving earlier is not possible**);

- o **to be involved in the community living** all along your stay (besides your active participation in the workshops, you will be responsible of your group's dynamic and will be invited to take initiatives and responsibilities regarding the every-day life such as cleaning the place);

- o **to give all the necessary documents to your sending organization** (travel invoices, boarding passes, tickets, covid tests

invoices...) for the reimbursement of your travel costs;

- o **to participate in the evaluation process** after the course and to **share your experience** in your community through any dissemination activities you will find relevant.

To get an idea on what has been done in previous training courses we organized, you can take a look at our Wiki site :

WHERE WILL WE STAY?

The training course will take place in the countryside, in the village of **Fayssac**, South-West France (1 hour away from Toulouse). Most of the activities will take place in the rural cottage: *Les gîtes de Franck* (<https://www.gitesdefranck.fr/>). You will be accommodated *in situ* in **small dormitories** from June, 15th afternoon to June, 22nd afternoon. The house will be **self-managed by our group**, which will be responsible for living together during the course. It is a **normal part of our educational approach**, as we believe it strongly encourages community spirit, responsibility and sharing. Everyday tasks like cleaning, setting tables, sorting garbage and washing up will be shared by participants, as part of the "sustainable living" experience, making it feel as a good place for us.

DIET & SPECIFIC NEEDS

Please **inform your sending organization** about your **diet**, potential **allergies** or **other specific needs on the latest 3 weeks before** the training course so that we can take them into consideration.

Good to know : We will mainly adopt a **vegetarian diet** during the training course to keep in line with our objectives of reducing our ecological footprint. But if you feel like eating meat is something you can't stop doing for so long, don't worry: We will also have a few meat-based meals during the journey ;p

HEALTH and SECURITY

Obtaining a full insurance (travel risks, medical, injuries) **is your responsibility**. Providing us information on your special needs does not remove your personal responsibility for ensuring your own health and safety.

Therefore, we strongly recommend you to **subscribe to a European medical insurance** to cover your medical expenses if needed. We will contact skilled doctors and bring you to the pharmacy or to the hospital if needed but **we will not cover your fees**.

WHAT ELSE SHOULD YOU BRING?

You must bring with you your **towel, soap, shampoo, toothpaste**, etc. Blankets and sheets will be provided by our hosts.

Hopefully, the weather will be nice and sunny, but bring some rain clothes in case as well as some warm clothes for the evenings. We will propose a few outdoors and manual activities. Please, bring clothes accordingly.

As the venue is not near a town, please also take with you **anything you usually need** (medication or if you are a smoker: **take your tobacco with you**) as well as **some cash for your personal expenses** (such as wine, beers...).

Good to know: If you are a smoker be aware that tobacco is very expensive in France (15 euros for 30 grams of rolling tobacco).

Last but not least : as there is a swimming pool at the cottage, we strongly advice you to take your swimming suit with you ;p

Be aware that **we can only reimburse your travel expenses if you travel between the 13th of June and the 24th of June**

If your tickets don't fit this time-frame, you will not be reimbursed.

if you feel like doing some tourism in France after or before the training course, be aware that **NONE** of your travel expenses can be covered.

Bear in mind that **you can also use the remaining money from your travel costs to cover your expenses to get a Covid test** or for your potential accommodation in Toulouse in case of need (**upon presentation of invoice**) on the 13th, 14th of June and/or on the 22nd, 23rd of June.

Via Brachy will not provide any accommodation in Toulouse.

According to the Erasmus+ Program regulations, the financial contributions to your travel costs (+ covid tests and extra accommodation) will be as follow:

Country	Max € reimbursed per participant
France	0 €
Spain	180 €
Greece, Hungary, Germany	275 €
Estonia	360 €

You can come **either by plane, train, boat or bus**, depending on your availability and ethics, but remember that we can reimburse only public transportation, 2nd class fares. Taxi is not refundable.

Carpooling and transportation with private cars are possible but please ask us as soon as possible so that we can explain you the specific procedure you will have to follow in order to be reimbursed (We will require from you a specific list of documents in order to be able to reimburse you).

IMPORTANT: For the reimbursement, you will need to give to your sending organization:

1/ An **invoice** with the **itinerary** of your trip, the **names** of the **passenger(s)** and, very important, the **price** of the ticket. Usually when purchasing your plane/train/bus ticket you can ask for **an invoice**. If the company doesn't give invoice, we will accept the e-tickets as long as they mention the aforementioned information.

2/ All your original travel tickets and receipts (train, boat and bus tickets with the price on it, boarding passes, etc.).

The stamped ticket/boarding pass is a **very important document**, the only evidence that you took the flight / train / bus / boat, and is required by National Agency of Erasmus+ for reimbursement.

If you use your mobile phone (so you don't have to print the ticket/boarding pass) **don't forget to take a screenshot**, because the link will expire and you won't be able to use it some weeks after your transportation, and we will not be able to reimburse you.

Likewise, you have to provide an **invoice of your Covid tests or potential accommodation** (if it doesn't exceed the maximum amount provided by the program) to be reimbursed.

Your sending organization needs to give us all the boarding passes, tickets and invoices of your travel costs. **It will be your responsibility to take good care of those documents and to give them on time to your sending organization** (cf. contact of the coordinators p.5). If you take a picture of the documents please take care that it is a good quality picture, meaning that we can read ALL the informations.

Be aware that we cannot provide reimbursement of ANY of your travel expenses if a document is missing. If you loose any of your tickets, boarding passes or invoices, your travel costs will not be supported at all.

Only when the sending organization has all the documents from all the participants from your country, money transfers will be done, from your sending organization to you. This can take from one to three months depending on how fast you are in providing the relevant documents.

ADDITIONAL FEES:

Your sending organization might ask you for a small financial contribution according to the administrative work it represents and to the support it will provide you before and after the training course. (For example, Via Brachy will ask for a 50€ contribution from the French participants).

Please contact your sending organization to know about their policy.
